SKILSS

Frontend
React, React Native (via Expo), JavaScript, HTML, CSS, Flutter

Backend
C#, Node.js, REST APIs, Firebase, SQL (MySQL)

DevOps / Tools
Docker, CI/CD Pipelines, Git, GitHub, Postman, VS Code

Testing & Automation
Unit testing (C#, Jest), Jester (test automation), UI-based test frameworks

Databases
Firebase (incl. Firestore), MySQL

Languages
Dutch (native), English, French

FORMATION

ASSOCIATE DEGREE IN PROGRAMMING
2021 - 2025
CERTIFICATION ORACLE DATABASE 12C: SQL FUNDAMENTALS
2022

Full-Stack Developer with a strong focus on frontend, specialized in building user-friendly web applications using React and C#. I create solutions that look great, perform smoothly, and are technically robust. Known for clean code, creative problem solving, and attention to detail. My goal is to grow into a senior developer and contribute to projects that truly make an impact.

PROJECTS

TIME2BILL   2025
Flutter/Firebase

As lead developer, I designed and built a comprehensive time tracking and invoicing application for freelancers and small businesses. Implemented automated billing, financial analytics, and e-invoicing standards (UBL/Peppol), reducing administrative tasks by 60% and improving payment cycles by 45%.

UI-BASED TEST AUTOMATION   2025
React/Firebase

Developed a user-friendly React.js test automation framework enabling non-technical users to create tests. Reduced testing costs by 65%, accelerated test creation by 80%, and improved test coverage by 40% through AI-generated test code.

JAQAI   2025
React/Python

As a Fullstack Developer, I built an intelligent AI assistant system with React frontend and Python backend. Implemented SQL Server database integration, real-time conversation processing and a self-learning feedback loop for context-aware interactions.

PORTFOLIO   2025
React

Designed and built a responsive portfolio website with HTML, CSS, and JavaScript, showcasing projects and skills through smooth animations and optimized performance. Ensured modern design, cross-browser compatibility, and mobile responsiveness.

EXPERTISE

Student Developer – Brightest (2025)
- Built internal tools for test automation

Student Admin Assistant – FOD Wapens (2021 – present)
- Managed permits, processed data and handled archiving

Student Logistics Assistant – Hoppy (2021 – present)
- Maintained and transported shared scooters and bikes in Belguim.
